

GeogIT: The Geography Fieldwork app

PRIVACY POLICY

The Geography Fieldwork Academy is committed to ensuring that your personal data remains protected. As such 'GeogIT' is not connected to a server and this app does not share any data at all with the Geography Fieldwork Academy or any third parties.

All data collected is stored only on the mobile device on which the app is installed and is managed by the user of this exclusively. Whilst users can choose to send the collected data to chosen email addresses, this is controlled by the user only.

Our policy is not to store any of the data collected by the GeogIT app and this data is exclusively the property of the owner of the downloaded app.

This Privacy Policy notice is displayed on this website in the 'Resources' section.
